Sports Academy Student Review

For: Academy students and Parents

Done by: Academy staff in conjunction with classroom teachers and administration

Rational:

The rational behind the sports academy student review is to provide academy students and parents with a clear idea of how the students are doing when it comes to meeting the eligibility requirements for the academy. It also provides a recommendation about continuing or looking for other programming based on students being able to meet eligibility requirements. While parents are always informed in regards to major incidents this will give parents an idea of how their son or daughter makes out on a daily basis as well as provide a clear picture of strength areas and areas that need improvement.

Information:

What is The Sports Academy?

- The Sports Academy program is offered by Greater St. Albert Catholic Regional Division No. 734, and uses a love for sport to focus on academics. The program is available to students in grades 4 – 12. Athletes in the program are expected to work to their academic and athletic potential and are held accountable to this standard.

Is core subject time affected by the sports programming?

- No, all academy athletes meet the time guidelines set forth by Alberta Education in all core subject areas. All students in the academy schools get the same amount of instructional time in the core subject areas.

Is there more homework for academy athletes?

- No, being in the academy does not mean more homework. Academy athletes are expected to use their class time to their advantage, which will in turn limit the amount of homework they have. It is fair to assume that as all students progress through the school years there will gradually be more homework each year. It is reasonable for upper elementary students to spend between 30 and 60 minutes each day doing homework and junior high students between 45 and 90 minutes. Homework includes reading and reviewing, and the time involved varies with each individual. Some students will require more time than others. Being in the academy does not mean more homework.

Are academic expectations lower for academy athletes?

- Absolutely not, if academy athletes are not working to their potential they are given the opportunity to get caught up. This opportunity can range from simply missing a session to having an individual plan put in place.
- A big part of the sports academy coordinators job is to monitor academics and behaviour of the academy athletes. Academy athletes are expected to display on task behaviour and work to their academic potential. Agenda use, organization and time management are expected habits. When academy athletes are not meeting these expectations their teachers and the sports academy staff hold them accountable. Academic expectations **do not change because you are an academy athlete.**

Is the Academy an elitist program?

- No, students in the academy must have a passion for sport. They must be able to work to their academic potential, they must be disciplined and committed to improving academically and athletically and they must be able to work independently. Students of all skill levels are welcome as long as they can meet the eligibility requirements. Academy athletes are also encouraged to be involved in all aspects of school such as intramurals, clubs, track and field, journal games and dances. Teaching and modeling respect for self and others is a cornerstone of the academy.

Class Time

- Academy athletes are taught P.E. and Health outcomes through the academy.
- Elementary athletes miss out on some elective time – Art/Music.
- Junior high athletes may miss some option time depending on the school they attend. VJM and RSF students get full options.

The program runs Tuesday, Wednesday and Thursdays. All Elementary athletes train in the mornings. Parents are responsible to drop their athlete off by 8:00 A.M. on academy days. Athletes are then bussed back to their respective school.

All Junior High Athletes train in the afternoons. We transport them from their respective schools to the training facility. Parents are expected to pick their athletes up at the end of the day wherever their athlete is training within St. Albert.

We always bus to and from Edmonton facilities.

At the beginning of every year we put together a car pool list where interested families can have access to contact information of other interested families. There is a lot of car pooling that happens within the many academy groups.
